Globe Inn,
YORK ST., NEAR THE DIAMOND,

GETTYSBURG, PA.—The undersigned would most respectfully inform his numerous friends and the public generally, that he has purchased that long established and well known Hotel, the "Globe Inn," in York street, Gettysburg, and will spare no effort to conduct it in a manner that will not detract from its former high reputation. His table will have the best the market can afford—his chambers are spacious and comfortable—and he has laid in for his bar a full stock of wines and liquors. There is large stabling attached to the Hotel, which will be attended by attentive hostlers. It will be his constant endeavor to render the fullest satisfaction to his guests, making his house as near a home to them as possible. He asks a share of the public's patronage, determined as he is to deserve a large part of it. Remember, the "Globe Inn" is in York street, but near the Diamond, or Public Square. SAMUEL WOLF.

Railroad House,
NEAR THE DEPOT.
HANOVER, YORK CO., PA.

The undersigned would respectfully inform his numerous friends and the public generally, that he has leased the Hotel in Hanover, near the Depot, formerly kept by Mr. Jeremiah Kohler, and will spare no effort to conduct it in a manner that will give general satisfaction. His table will have the best the markets can afford—his chambers are spacious and comfortable—and he has laid in for his bar a full stock of choice wines and liquors. There is stabling for horses attached to the Hotel. It will be his constant endeavor to render the fullest satisfaction to his guests, making his house as near a home to them as possible.—He asks a share of the public patronage, determined as he is to deserve a large part of it. Remember the Railroad House, near the Depot Hanover, Pa. A. P. BAUGHER.

DEMAND J. W. BRADLEY'S CELEBRATED PATENT DUPLEX ELLIPTIC (OR DOUBLE SPRING)

SKIRT.

THE WONDERFUL FLEXIBILITY and great COMFORT and PLEASURE to any lady wearing the DUPLEX ELLIPTIC SKIRT will be experienced particularly in a crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress, an invaluable quality in crinoline, not found in any Single Spring Skirt.

A lady having enjoyed the PLEASURE, COMFORT, and great CONVENIENCE of wearing the DUPLEX ELLIPTIC STEEL SPRING SKIRT for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the Single Spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered, preventing them from wearing out when dragging down steps, stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the STANDARD SKIRT OF THE FASHIONABLE WORLD.

To enjoy the following inestimable advantages in Crinoline, viz: superior quality, perfect manufacture, stylish shape, finish, flexibility, durability, comfort and economy, enquire for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

CAUTION.—To guard against IMPOSITION be particular to NOTICE the skirts offered as "DUPLEX" have the red ink stamp, viz: "J. W. Bradley's Duplex Elliptic Steel Springs," upon the waistband—none others are genuine. Also Notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other skirt.

FOR SALE in all Stores where FIRST CLASS skirts are sold throughout the United States and elsewhere.

Manufactured by the Sole Owners of the Patent, WESTS, BRADLEY & CARY,

Selected Poetry.

[COMMUNICATED.]

LINES ON THE DEATH OF A MOTHER.

Fast asleep in the old arm chair,
With the bible in her lap,
Parted the threads of silver hair
Under the widowed cap.

Meekly folded the thin white hands,
Placid the bounteous brow—
Mother is roaming in far off lands,
Angels are with her now.

No more will thought of toil or care
Trouble her quiet breast,
While she is sitting serenely there,
Taking her noontide rest.

May't please my Maker when I shall be
Weary of earth's dull strife,
To let me sleep as peace fully,
Holding the word of life.

STOCK-RAISING.—HORSES.

In order to make the raising of horses profitable to farmers, one of the most important questions for a farmer to ask himself is, "what kind of horses does the market require, and is best suited to my hand?" Now, from our close proximity to the large Atlantic cities, there are two kinds of horses that will always be found saleable. The dray or heavy draught horse, and the carriage or light-draught horse; and as these horses are best adapted to this section of country, I propose to allude to them at this time.

The London dray horses, that have become so world-renowned, are only our ordinary stock, raised with great care purposely for that use, and are worth from five hundred to one thousand dollars a piece. These horses are now being equalled only in New York and other large cities of America. As I have told you, they are bred with great care, and are never crossed in breeding with other stock. This is a very necessary measure in order to improve your stock. *Never cross your stock.* Never put a Conestoga mare to a thorough-bred stallion, and *vice versa*—the offspring of which will be neither the one nor the other, but in all probability a poor, blind, spavined, ring-boned, crooked-legged creature, unfit for any use. If this care is taken good colts will not be so much the exception as they are.

In choosing a brood-mare, always select one of dark color, broad across the hips, and if possible sound. In selecting a stallion, endeavor if possible to find one as near like her in color, character, size and blood, as possible; for, as I have before remarked, the heterogeneous mass of useless horse flesh upon the market is the result of bad selections in this matter. After the colt is dropped, the farmer must not leave it to care for itself, as is generally the case, but it must be well attended to and not allowed to become dwarfed from want of food or shelter, and especially must it be kept in a clean stall, free from lice or mange-filth during the winter. It should be carefully handled from the day it is weaned, and taught confidence. Here let me remark that the first three years of a horse's life are the most important and generally the most neglected. EAGLEWOOD.

AGRICULTURAL ITEMS.

—A San Antonio paper complains of drouth in Western Texas. The grazing in that region is suffering from this source—an unusual thing at this season.

—With regard to the comparative fertility of England, France and the United States, it is stated that France obtains fifty per cent. more wheat from the acre than the average crop of the United States, and England one hundred per cent. more. The reason of this is said to be superior cultivation and manuring.

—By careful selection for four years, Mr. Harlett, of England, produced wheat, the heads of which contained three times as many grains as the original head, and that would produce sixty to eighty stalks from each kernel sown.

—A Mr. Warren, of Hancock county, Maine, uses as a wash for barns, one bushel of lime, four pounds of salt, and two pounds of white vitriol. This stood the weather very well. Paint of any color can be added.

—Radish or lettuce sown around the hills of cucumber and other vines is said to be a protection against the striped bug, which prefers this food to the young vines.

—Mr. Nathan Mosely, of Goodground, N. J., writes to the New York Farmers' Club that he has shot at different times four king birds which he thought he caught in the very act of catching honey bees, but on examining their crop no bees were found.

—In England there are many farmers who more than support themselves and large families on the product of six acres, besides paying heavy rents. Agriculturists in Germany, who are proprietors of five acres, support themselves on two, and lay up money on the product of the remainder.

—If a stable is kept clean cows will go into it of their own accord. If dirty, they have to be driven in.

—A Mr. Park of Georgia has specimen heads of Egyptian seven-headed wheat, grown in Essex, England, from seed found in the wrappings of an Egyptian mummy, twenty-six hundred years old.

SALT FOR GAPES.

Every one has had his say about gapes; now let a Buckeye tell you how we manage this matter. Formerly we fed the young brood with corn meal dough, losing more or less with the gapes every season. Latterly we have salted the dough, and now raise some two hundred chickens per season, without losing one from gapes or any other disease. The chickens are bright, vigorous and healthy, and always commence laying early in fall. Now we have some forty hens, which give us an abundance of eggs. Farmers should not hesitate to adopt this plan.

ALL SORTS.

—A German writer complains of the difficulties of the English language, and cites the word Boz, which he says is pronounced Dickens.

—General Lee reports that there are at the college over which he presides in Lexington, Va., 399 students in attendance—Virginia, Kentucky and Tennessee being the States most largely represented.

—It is said that Dr. Emmens being once asked what he considered a proof of a great mind, replied that it was the power to look at the point of a cambric needle without winking.

—The Mayor of Augusta, Georgia, announces in his message that there is just $10 in the Treasury with which to pay a floating debt of $112,000.

—General Stoneman has sent a company of soldiers from Petersburg to Danville to prevent the formation of military companies by the negroes there.

—The Massachusetts Legislature has rejected the liquor license bill by a vote of 161 nays to 64 yeas. It is said, however, that the people are opposed to the present prohibitory law and in favor of the license bill. The next election will determine this fact.

—Josh Billings says: Courtin is a luxury, it is ice water, it is the pla spell of the sole. The man who has never courted has lived in vain. He has been a blind man among landscapes, he has been a deff man in the land of hand organs, and by the side of murmurin canals.

—A man in Orange county, New York, was found at night climbing the overshot wheel of a fulling mill to get to bed.

—The New York *Evening Post* says there are thousands of children under fifteen years of age in that city who are regularly trained to thieving.

—A boy in Montreal put two firecrackers into his nostrils and fired them to see the effect. He now knows he has no nose.

—A Bull butted a locomotive off the Georgia Central Railroad track, the other day, and was soon afterwards quartered in a butcher shop.

☞ On Monday last, Gov. Geary appointed a special police force for Northumberland county, consisting of ten men, under command of Joseph Heisler, Police Marshal of Schuylkill county.—Five of the men are from the vicinity of Shamokin, the others from Mt. Carmel and Schuylkill county. The Marshal is to receive $500 a year in addition to his salary of $2,000 from this county, and the men $75 per month each, the whole to be paid out of the county treasury.—*Pottsville Standard.*

No sensible man doubts that Northumberland and Schuylkill are abundantly adequate to take care of themselves, but this scheme is a kind of *euchre* game to make these counties support a number of lazy, worthless, political demagogues at high salaries for doing absolutely nothing at all.—*Patriot & Union.*

☞ The hat was passed around in a certain congregation for the purpose of taking up a collection. After it had made the circuit of the church, it was handed to the minister, who, by the way, had changed pulpits with the regular preacher, and he found not a penny in it. He inverted the hat over the pulpit cushions and shook it, that its emptiness might be known, then raising his eyes towards the ceiling, he exclaimed with great fervor, "I thank God that I got back my hat from this congregation."

Thought he'd Wait.—The Buffalo *Commercial* tells the story of a man from the country, who called at a hardware store in that city, and after being shown a large assortment of scissors, turned to the clerk, remarking, "my wife's putty sick, and its 'bout an even thing if she gets any better; guess I'll wait and see if she gets well 'fore I buy any scissors."

☞ Within the past week several beastly and disgusting outrages by negroes upon white women have been recorded in the Southern papers. A Georgia journal at hand tells of a diabolical outrage at Quitman, perpetrated by a negro upon a little girl nine years old. The particulars are too revolting and sickening for publication.

☞ It is said that fourteen thousand four hundred and twenty-three tons of stone were thrown out by a single blast, with three kegs of powder, at a quarry in Middletown, Conn., on the 17th ult., the largest blast ever made there.

☞ A New York journal very sensibly recommends that every boy, whether rich or poor, high or low, ought to learn a trade; not that he should always work at it, but that he may have it as reserve capital, together with its influence in forming his character.

☞ A cynical journalist says the reason so many marriages occur immediately after a great war is that bachelors become so accustomed to strife they learn to like it, and after the return of peace they enlist in matrimony as the next thing to war.

☞ Josh Billings' maxim: "Rise arly, work hard and late, live on what you can't sell, give nothing awa, and if you don't die rich, and go to the devil, yu may sue me for damages."

☞ "Have you the 'Exile of Erin, here?" asked a lady, a few days since, of a clerk in a book-store. "No, ma'am," was the answer; "hain't got no eggs ile; we've got a prime article of bar's ile, if that'll answer."

☞ The most remarkable case of indecision we have heard of, was that of a man who sat up all night, because he could not decide which to take off first, his coat or his boots.

☞ Josh Billings truthfully remarks that "trying to live on the reputation of a dead grandfather is about as enterprising as trying to hatch out rotten eggs under a tin weathercock."

"Bress your soul," retorted Peggy, "massa, no, no sah, we used to fit constant before de p'lice began to bother us?"

THE CONDITION OF THE COUNTRY.

The Boston *Herald*, in the course of a able article upon the present condition of the country, says:

"We are in great danger. The expenses of the country are greater now than it can safely bear. The machinery now employed by the government, including the military government of the South, the Freedmen's Bureau, the army of taxgatherers, and the numerous other expedients for spending money, is four times as extensive and costly as it was before the war. We did not feel it when we were borrowing money and expanding the currency, but now, pay-day is at hand. Legitimate business throughout the North and West is in a prostrate condition. Its vitality has been sapped by taxation. The South is not only bankrupt, but actually starving! The people everywhere are suffering from the burdens heaped upon them. Prices of food, of rents, of clothes, are increasing, and our taxes are growing higher every year. Our local taxes are no exceptions. The State tax for this Commonwealth amounts to $5,600,000 this year, against $3,700,000 last year. The rate of taxation in this city has increased in the same time from $13 to $17 in the thousand; and the same is true of all the cities and towns about us. The remedy is in the hands of the people, and if they do not exercise it they have no right to complain. But if they think that we have enjoyed as much as we can afford of such luxuries, we call upon them to kick over all platforms built upon abstract dogmas, and to choose servants who will act for the best interests of the country. We are on the wrong track. Let us change our course before the Ship of State is wrecked upon the breakers dead ahead!"

The *Age* is entirely right in declaring that the "breakers dead ahead" are the Radical party, and its policy with reference to reconstruction. With ten States reduced to military Territories, the people ruled by the sword, business ruined, and capitalists prevented from operating in that fruitful and productive section for fear of confiscation and the bestowment of lands on the negroes, how can it be expected that the country will emerge from under the cloud which now overshadows it? The increased expenses of the War Department are owing to this military scheme. The Freedmen's Bureau also expends millions yearly, and the only effort of their labors is to keep a large portion of the negroes in idleness, and to disturb the industrial system of the Southern States. Nor do the mischievous operations of the Radical programme end at this point. In order to keep up agitation, and thus prepare for the next Presidential contest, they have sent political missionaries into the South, excited the colored people upon political questions when they should have been engaged in attending to the crops of that section, and thus prevented them from being used in such a manner as to improve their own condition, and, at the same time, add to the products and material wealth of the nation.

The condition of the country cannot be bettered until there is a change in its rulers. The men in power are determined to carry out their notions and theories, no matter at what cost to the producing classes; the manufacturers, the workingmen, the capitalists. In a time of profound peace the people are called upon to pay taxes for the support of a War Department, in order that ten States may be deprived of their rights and American citizens may be ruled by the bayonet. This same spirit of reckless political ambition has taken poss

GETTYSBURG, PA.

Monday Morning, June 17, 1867.

OUR NOMINEE.

Hon. George Sharswood, of Philadelphia, the nominee of the Democratic party for Supreme Judge, is admitted on all sides to be one of the ablest judges and purest men in the Commonwealth. In the Convention which nominated him, Judge Black rose and said:

I did not vote for Judge Sharswood; but that only proves that there are other men deemed worthy of the high honor which has fallen upon a proper person. I have known Judge Sharswood for a good many years. I think I know him well, both as a man and a lawyer; there is not one unsound spot upon him; there are precious few men in Pennsylvania who are his equal; and to say that is to say about as much as can well be said of any man. He understands the law and the constitution thoroughly, and would die rather than violate a great principle.

Such a tribute, from such a source, is enough to place the nominee in the confidence of every right-thinking, patriotic voter. We shall have more to say of him hereafter. With so auspicious a start, the Democracy cannot well fail of success at the polls. To work, then, Democrats, at once! Strike for your country, your institutions, and your rights as white men!

ILLINOIS, TOO!

An election has just been held in Illinois which shows the change in public sentiment in that quarter. The Second Judicial District of that State, which gave 3,044 majority for the Radicals in November, 1866, now elects a Democrat for Judge by a majority of 4,000. This is a healthy indication, and should induce renewed exertion on the part of the Democracy of Pennsylvania to redeem the old Keystone State in the coming contest.

☞Last winter the Radicals of the Illinois Legislature changed the time of holding the municipal election in Galena from March to June, in order to take advantage of the absence of many Democrats on the River. At the election on the 5th instant, however, the Democracy elected the mayor by 250 majority, all the aldermen, and captured the third ward, which has always been in opposition. Cheating never prospers long.

☞The Missouri *Republican* thus chronicles a recent Democratic victory in that State:

The Radicals of Belleville received a drubbing yesterday which they will remember. The Democrats elected Wildings by a majority of 159—a gain of *seven hundred* since last fall. The *Democrat* says the Democracy is a corpse! But it sloshes around the Radicals in a fatal style.

Local Elections in West Virginia.—The local elections in West Virginia which have recently taken place show large Conservative gains, and many counties have been completely revolutionized. Every county in what is known as the Panhandle has given large Conservative majorities, and the great diminution in Radical strength is said to be noticeable everywhere.

Democratic Victory in a New England City!—The Democracy of Waterbury, Connecticut, achieved a signal victory on the 10th. Last year the Radicals carried the city by 300. Now the Democrats have it by 300, and on a vote much larger than that of last year. The Democratic Mayor has within a fraction of 300, and on all the Aldermen the Democratic majority is considerably over 300, and on some over 830! Thus are the white men of the country almost everywhere asserting their self-respect.

BEECHER'S BAIT FOR THE BLACK MAN.

In his remarks before the Equal Rights Association, Henry Ward Beecher said: "Take a black man, bait him with a white woman, and I think you will catch the black man." This, says the Chicago *Times*, is probably true, but somewhat disgusting. If the Radicals propose to use white women as baits to catch darkies with, it is to be hoped that they will use their own daughters and sisters first; but as in the war they got others to do the fighting, and as in negro suffrage they propose it only for other States, so, in the matter of bait, they will probably attempt to use somebody else's white women.

INTELLIGENT COLORED GENTLEMEN.

John M. Botts, who is serving on the Richmond Grand Jury with five colored men, cannot make them understand, he says, that the jury has nothing whatever to do with confiscating lands, which they are constantly talking about. They reply: "For a mighty, Mr. Botts, the colored people want land, and how is dey goin to git it without it's confiscated and gub to em?" This is rather a pertinent question. A set of Radical mischief-makers have filled the heads of these ignorant creatures with the idea that they ought to have the plantations of their old masters, and it seems impossible for even their friend, Mr. Botts, to convince them that a Grand Jury has no power over the subject. Radicalism is beginning to bear its legitimate fruit, but the end is not yet.

THE CAMPAIGN IN TENNESSEE.

Brownlow is conducting the campaign in Tennessee on true radical principles. He has organized a band of thieves and cut throats in every county of the State, and his armed ruffians are doing the political work assigned them in true radical style. Murders and other infamous and brutal outrages are of daily occurrence. The people of the State are making loud appeals to the President, and eagerly seeking the protection of the Government. What a glorious republic this is, to be sure! The re-election of Brownlow through the agency of his gangs of desperadoes will be heralded as another triumph of freedom. Hail Columbia, happy land!

☞Maximilian has been captured by the forces of Juarez in Mexico, and is to be tried by court-martial. Several of his favorite generals have already been shot. Whilst the attempt to establish a monarchy in that long-distracted country has failed, it is not at all certain that peace will reign long within her borders.

NEGRO VS. CAUCASIAN.

Our attention has been directed to the following remarkable passage from a lecture recently delivered by Professor Agassiz, of Boston. There is nothing new in the statement that there are radical differences of structure in the various races of men. Science has long since settled the fact that the Caucasian and the Negro are two species of the human family that are distinctly and widely separated from each other. But we did not know that the opposing characteristics of the white and the black man were so numerous as they are said to be by Professor Agassiz. His statement will be read with interest, and he speaks with an authority that is seldom or never disputed either here or in Europe:

"I have pointed out *over a hundred specific* differences between the bonal and nervous systems of the white man and the negro. Indeed their frames are alike in no particular. There is not a bone in the negro's body which is relatively the same shape, size, articulation, or chemically of the same composition as that of the white man. The negro's bones contain a far greater percentage of calcareous salt than those of the white man; even the negro's blood is chemically a very different fluid from that which courses in the veins of the white man. The whole physical organism of the negro differs quite as much from the white man's as it does from that of *the chimpanzee*, that is in his bones, muscles, nerves and fibres. The chimpanzee has not much further to progress to become a negro than a negro has to become a white man. This fact science inexorably demonstrates. Climate has no more to do with the difference between the negro and the chimpanzee, than it has between the horse and the ass, or the eagle and the owl. *Each* is a *distinct* and *separate* creation. The negro and white man were *created* as different as the owl and the eagle. They were designed to fill *different plans* in the system of nature. The negro is no more a negro by accident or misfortune than the owl is the kind of bird he is by accident or misfortune. The negro is no more the white man's brother than the owl is the sister of the eagle, or the ass is the brother of the horse. How stupendous, and yet how simple is the doctrine that the Almighty Maker of the universe has created inherent species of the lower animals to fill the different places and offices in the grand scenery of nature!"

THE RADICAL NEGRO VICTORY IN WASHINGTON.

We do not suppose that any one was surprised at the result of the election in Washington City, a Radical Congress having passed a law allowing the thousands of lazy negroes lounging there to vote. But the negroes did not only vote—other frauds of the most high-handed character were perpetrated. The *National Intelligencer* explains the infamous process by which the city was carried, thus:

The memory of man runneth not to such extent as to find the parallel of the election frauds perpetrated yesterday by the negro party managers. There is evidence that they dragged negroes from the country off the market wagons at the market place, and had them registered. There is evidence that they voted negroes living in Maryland and Virginia by scores and hundreds. There is evidence that their busy myrmidons, men who have neither interest nor character in the community, were allowed to pass up and down the lines of voters waiting to gain access to the polls, and to inspect the tickets of the colored men, and when Conservative tickets were found in their possession they were taken away, torn up, and Radical tickets substituted for them. The poor, ignorant creatures dared not remonstrate against this outrage, and the police did not interfere with these disturbers of the election; but the men who were guilty of these practices will be presented to the grand jury and indicted and tried for malfeasances. Elections heretofore have been carried by violence, but no case has ever yet been presented in which such open, barefaced, and undisguised frauds have been attempted as those perpetrated by the negro party managers and permitted by the authorities yesterday.

CONFISCATION.

The Doylestown *Democrat*, in alluding to "a letter from Thad. Stevens, vindicating his policy of confiscation, addressed to the Hon. Edward McPherson, Clerk of the House of Representatives of the United States," remarks: "Mr. Stevens remains in his diabolical frame of mind, and would despoil the South of the little property she has left. We charged long ago that he was only actuated by a *feeling of revenge and malice*, and this letter *proves it*. * Our government has already been guilty of such acts since the war broke out as to disgrace it with the rest of the world without resorting to confiscation, to gratify the malice of a devilish old man."

☞Mr. Thaddeus Stevens has written another letter on confiscation. It was addressed to a citizen of Alabama, and published in a late number of the Montgomery *Advertiser*. It reads thus:

LANCASTER, May 21, 1867.

DEAR SIR: We do not confiscate loyal men, nor rebels unless they are rich; few men suffer, *not enough I fear*; some innocent men will I fear.

THADDEUS STEVENS.

In commenting upon this brutal utterance of "the great commoner," the New York *Times*, Conservative Republican, says:

This is a curious document—indicative rather of the writer's fixed purpose to push his confiscation project than of any clear idea as to the mode of carrying it into effect. If Southern property is to be confiscated, it must be by law; how can a law, which must be equal in its operation, distinguish between the rich and the poor? Mr. Stevens and General Butler are determined to build up a Southern party called Republican, on the scheme of confiscation. They expect to get by that bribe the whole negro vote and enough of the white vote to control the Southern States, and this calculation is not so wild as it may at first sight seem. But if the Republican party allows these men to fasten confiscation upon them as a party measure, they will lose more electoral votes by it in the North than they can possibly gain at the South. The project meets no sort of favor with the Republican press generally, and we presume it will be promptly squelched at the next meeting of Congress.

BLOCKHEADS VS. COPPERHEADS.

Horace Greeley having dubbed those people who disapprove his course in bailing Jeff. Davis, "narrow-minded blockheads," it is at last settled what is to be the generic title of the pie-bald and mongrel opposition to the Democratic party. "The Blockheads" will sound very well as a set-off to "Copperheads."

The Right Color.—The telegraph announces that the Republicans of Washington held a grand mass meeting to celebrate their triumph. A negro was properly selected as President. They believe in the superiority of the negro, and ought to practice on their belief.

STATE JUDICIAL CONVENTION.

Nomination of Hon. George Sharswood.

A SOUND PLATFORM.

The Democratic State Convention met at Harrisburg on Tuesday last, for the nomination of a candidate for Supreme Judge, to be voted for at the coming October election. Every district in the State was represented, whilst many of the most prominent Democrats not delegates gave the assemblage the benefit of their presence.

At 12 o'clock, M., Hon. Wm. A. Wallace, Chairman of the Democratic State Central Committee, called the Convention to order, in the Hall of the House of Representatives, and made an appropriate and telling speech. The list of delegates was called over—Hon. Wm. McSherry appearing as the Representative delegate for this county, and Hon. J. McDowell Sharpe as the delegate for this Senatorial district.

Hon. D. M. Fox, of Philadelphia, was made temporary Chairman, with several Secretaries.

Hon. Charles E. Boyle, of Fayette, and Hon. J. S. Black, of York, were nominated for permanent President. Judge Black declined in favor of Mr. Boyle, and the latter was chosen.

Hon. Wm. McSherry was placed on the Committee on Organization, and Hon. J. McDowell Sharpe on Resolutions.

In the afternoon, immediately after the report of the Committee on Organization, the Convention proceeded to nominate a candidate for Supreme Judge. Two ballots were had, as follows:

First Ballot.—Sharswood 50, Maynard 14, Fisher 9, Ryon 14, Pershing 2, Lowrie 16, Elwell 7, Church 8, Graham 6, Grant 2.

Second Ballot.—Sharswood 85, Maynard 15, Fisher 9, Ryon 11.

The nomination of Judge Sharswood was hailed with a loud outburst of enthusiasm, and was made unanimous, on motion of Judge Black.

Hon. Wm. A. Wallace was unanimously re-elected Chairman of the State Central Committee until January 1, 1869, and the following persons were selected as members of the Committee:

1st District, Gen William McCandless; 2nd, Adam B. Walter, Philadelphia; 3d, Samuel J. Randall, Philadelphia; 4th, Albert R. Schofield; 5th, A. D. Markley and Nimrod Strickland, Jr.; 6th, O. P. James; 7th, C. M. Knauss; 8th, James McCarty; 9th, George De B. Keim; 10th, Peter Gilbert; 11th, Joseph L. Merriman; 12th, David R. Randall; 13th, G. O. Deise; 14th, Major John Cummings; 15th, John A. Punston; 16th, David Mitchell; 17th, Wm. P. Brinton, Robert Crane; 18th, Wm. Penrose; 19th, Henry J. Stahle; 20th, John O. Gemmel; 21st, Gen. A. P. Wilson, Joseph Swartz; 22d, Joseph M. Thompson; 23d, Thos. J. McCullough; 24th, W. T. H. Pauley; 25th, Hon. James P. Barr, William B. Moore; 26th, Freeman Brady, Jr.; 27th, David S. Morris; 28th, Robert M. De France; 29th, Pierson Church.

Hon. B. M. Boyer, of Montgomery county, from the Committee on Resolutions, reported the following Platform, which was adopted with cheers:

We, the delegates of the Democratic party of Pennsylvania, in general State Convention assembled, for the nomination of a candidate for Judge of the Supreme Court, profoundly grateful to the Supreme Ruler of the Universe for the restoration of peace to our beloved country, but deeply anxious on account of the trials and delays which impede the complete restoration and reunion of all the States, and appreciating the dangers which still threaten the safety of our political institutions, and the future peace, liberty and prosperity of the people,

RESOLVE, That we steadfastly adhere to the principles of civil government established by the founders of the Union, and in the present conflict of legislative usurpation with constitutional law, we esteem a wise, upright, and fearless judiciary the great bulwark of public liberty and individual right.

That the Union of the States is perpetual, and the Federal government supreme within its constitutional limits.

That representation in the Congress of the United States and in the Electoral College is a right, fundamental and indestructible in its nature, and abiding in every State, being a duty as well as a right pertaining to the people of every State, and essential to our republican system of government. Its denial is the destruction of the government itself.

Each State having, under the Constitution, the exclusive right to prescribe the qualifications of its own electors, we proclaim as a usurpation and an outrage the establishment of negro suffrage in any of the States by the coercive exercise of Federal power, and we shall resist to the last resort the threatened measure of the leaders of the Republican party to interfere by acts of Congress with the regulation of the elective franchise in the State of Pennsylvania.

We are opposed to any amendment of the Constitution of the State giving to negroes the right of suffrage.

That the failure of the tariff bill in the last session of the late Congress, more than three-fourths of whose members belonged to the Republican party, is an illustration of their infidelity to their pledges and their neglect of their professions in relation to the great industrial and financial interests of the country.

That the Radical party in Congress, and those who sustain them, have overthrown the Constitution, dismembered the Federal Union, and subverted our republican form of government by a long series of usurpations, among which are the following: The denial of the right of the States of the Union to representation in Congress; the treatment of the States as subjugated provinces, and governing them by military force in time of peace; the enactment of laws denying indemnity for arrest and false imprisonment made without authority of law; the resistance of the authority of civil tribunals, and their overthrow by the substitution of military commissions for the trial of undefined offenses; their efforts to destroy the Executive and Judicial departments of the government by threatened impeachment, to control executive action, and a projected remodeling of the Supreme Court of the United States, to force obedience to the venal mandates of Congress; the ejectment from their seats in the Federal Senate and House of Representatives of members duly and legally chosen; the purpose of confiscation, avowed by the Republican leaders, in violation of the declaration of rights and other guarantees of Federal and State constitutions, tending, as it does, to destroy all protection to private property, advances them far on the highroad to repudiation.

That a strict conformity, both by Federal and State governments, to all powers, restrictions, and guarantees, as contained in the Constitution of the United States; a rigid and wise economy in the administration of public affairs, and the election of capable, honest, and patriotic men to office, are measures absolutely necessary to restore public confidence, avert national bankruptcy, and insure the perpetuity of our free institutions.

That the late Republican Legislature of this State has distinguished itself by the number of its unwise and unconstitutional enactments. Some of these laws have already been judicially determined to be unconstitutional; others are unwise, inexpedient, oppressive and fanatical, and the members who sustained them should be condemned for the people at the polls.

That the power and success of the Democratic party greatly depend on the character and efficiency of its newspaper press, and that to give due force to its usefulness, this Convention earnestly request that in every county all the members of the Democratic party should make vigorous efforts to increase its circulation by giving it their individual patronage and support.

That the Democracy of Pennsylvania by their representatives now assembled, hereby tender acknowledgments and thanks to the Hon. George W. Woodward in his retirement from the position of Chief Justice of this Commonwealth, for the pure and faithful manner in which he discharged the duties of that exalted position.

That the candidate we this day present to the people of Pennsylvania for a place on the Supreme Bench of the State, is, in all respects, worthy of the confidence and support of all who are in favor of an enlightened, faithful and impartial administration of the laws.

☞The "loyal" Baltimore correspondent of the Philadelphia *Inquirer* says the constitutional convention will make the judiciary elective by the people, and immediately adds: "Nothing but the Sumner-Wilson bill enfranchising colored men, can ever take Maryland out of her present Democratic rule." Nothing seems to be so infamous for Radicals to propose or enforce to destroy popular democracy. If Radicals happened to own all the horses and cattle, there is scarcely a doubt that some Radical demagogue would propose horse and cattle suffrage.

TOWN AND COUNTY AFFAIRS.

LECTURE.—We are requested to state that a Lecture will be delivered by Rev. B. Villiger, (Superior at Conowago Chapel,) in the Catholic Church, Gettysburg, on Monday evening next, June 24th. Subject, "The Existence of God." The proceeds are to be devoted to repairs on St. Ignatius Church, in Buchanan Valley. This Lecture is spoken of as very able, and should attract a full house.

The Gettysburg Cornet Band has been engaged for the occasion. Price of tickets, 50 cents—to be had at Schick's and Martin's Stores. Lecture to commence at 8 o'clock.

VISITORS.—This pleasant June weather is bringing quite a number of visitors to our historic battle-field. On Thursday next we are to have Lieut. General Grant, at the invitation of the National Cemetery Association. It is said that Gen. Geary is also to be here on that day. The coming of these distinguished visitors is likely to bring many others of lesser note.

THE FAIR GROUNDS.—A large force of hands is now at work on the Fair Grounds, putting up the enclosure, and preparing for the erection of the necessary buildings. The draining and grading of the track will soon commence. When properly improved, as they will be, the Gettysburg Fair Grounds will be among the best in the State. The location is convenient, and admirably adapted in every way. The length of the track is a half mile exactly, and if it does not attract all the fast stock in this and adjoining counties, the Managers will be greatly mistaken.

— Mr. Jonas Rouanzahn, the Treasurer, was in town last week, collecting the subscriptions made by our citizens during the winter. He made some progress, but had not time to remain to gather all in. He therefore left the book with Dr. E. G. Fahnestock, the Secretary, with authority to receipt in his name; and it is hoped, as money is now required daily to continue the work, that all who have subscribed will pay promptly. Now is the time to push the enterprise vigorously, and the entire community (town and country) should give it all the aid possible. The general taking of Life Memberships would be of great assistance. Why not all who can afford it do so at once? Certificates can be had of the President, Secretary, Treasurer, or any member of the Board.

ENLARGEMENT—JOB PRINTING.—Our new Power Press is to be finished by the first of July, and as soon as it arrives the enlargement of the COMPILER will take place. We are quite as impatient as are our numerous readers on the subject, but must console ourself (as we ask them to) with the reflection that, though somewhat long delayed, the improvement will be very marked, and correspondingly satisfactory, when it is effected.

Workmen have been employed for a week or more in arranging matters in our office—strengthening floors, enlarging stands and galleys and introducing new ones, and placing in case a large lot of the latest and prettiest styles of type and borders, with "a thousand and one" other things necessary to make the establishment what we mean it shall be, regardless of expense—A FIRST CLASS COUNTRY PRINTING OFFICE, always ready and able to do first-class work. Come on, then, with your jobs, of every kind, from the smallest label to the largest poster, and we promise full satisfaction. We have not only the necessary *variety* of material to do such work, but it may be honestly claimed that the COMPILER office *knows how to use it*. Specimens can be seen at all times.

SCHOOL BOARD.—The Board of Directors of Gettysburg School District met on Monday evening. The vacancy in the Board occasioned by the death of J. T. McIlhenny, was filled by appointing A. J. Cover, Esq., Director until next election. The Board organized by the election of the following officers, viz:

President—A. J. Cover.
Secretary—J. F. McCreary.
Treasurer—E. G. Fahnestock.

Jeremiah Culp was appointed Collector, and John Geiselman Janitor. The salaries of Teachers were fixed at the same as last year—Schools to re-open September 1, and continue 9 months. The examination and election of Teachers will take place Monday, July 8.

PREPARATORY BUILDING.—The contract for the erection of the Preparatory Department building has been taken by Mr. John R. Turner, of Carlisle, at Mr. McCoy's bid—$18,377. Mr. McCoy was prevented by other arrangements from taking the job. Mr. Turner is favorably known to many of our citizens, as the builder of the Court-house, eight or ten years ago. The building now contracted for by him is to be of brick, three storied, 55 by 63 feet. It is to be roofed and closed in by winter, and finished by the 1st of July, 1868.

MEMORIAL CHURCH MEETING.—We are informed that there will be, on the 20th, a meeting for the organization of an Auxiliary Society for the erection of the Memorial Church in Gettysburg. General Grant and General Geary, who will be in town on that day, are expected to be present. Rev. B. H. Crever will deliver an address.

The meeting will be held in the Court-house, and a full turn out is solicited.

THE CEMETERY.—From the annual report published in the *Star and Sentinel*, we learn that the receipts of Ever Green Cemetery last year were $604 56, including $150 borrowed; and the expenditures $542 34, leaving $62 22 in the treasury.

THE INDIAN DOCTOR will be in Gettysburg, at the Eagle Hotel, Monday, the 24th of June, to remain until the 1st of July. See his notice in another column of this paper.

HOMEOPATHIC.—The Pennsylvania Homeopathic Medical Society had its annual meeting in Philadelphia week before last. Dr. Bushrod W. James delivered the address of welcome. The session was well attended, and a large number of physicians were proposed and elected to membership. Among the officers chosen for the present year, we observe the name of Dr. J. H. Marsden, of this county, as first Vice President. Among the reports read on scientific subjects was one by Dr. Marsden on Obstetrics.

AMALGAMATION.—That the Radical "equality" theory is already bearing its legitimate (or *illegitimate*) fruit, can now be proven without going far for the evidence. Yesterday a-week a big buck negro and a rather "likely" white girl came to this place, from Virginia, stating their purpose to be to enter into the marriage relation—both, like Barkis, being "willin'." After stopping at a hotel, the negro started out to secure the services of some one authorized to tie the matrimonial knot, but did not succeed. It was asking too much—too much in the shape of *practical* "equality," to go down well with a sharp-sighted and thin-nosed public. Disappointed, the negro and his white "lub" changed their quarters to the residence of a colored woman in the outskirts of town. What became of them we do not know; nor are we informed whether they succeeded in having "solemnized" that "mixing of the races" which Radicalism so unerringly points to. Surely no comment on this disgusting subject can be needed. The bare mention of it should arouse the indignation of every white man and woman in the community.

A LONG FAST.—Mr. Andrew Stock, of this place, informs us that about four weeks ago he missed a favorite chicken, and after considerable fruitless search, gave it up as lost. Two weeks subsequent to its disappearance, he had occasion to remove some lumber standing upright in one corner of his stable, and to his great astonishment, found the hen behind it, not only alive, but little less lively than before. He says the only thing strange about it was an enormous thirst, which required almost an hour's drinking of water to satisfy.

Roosting on the stable loft, the hen must have fallen down behind the lumber mentioned, and but for its accidental finding by Mr. Stock, would of course be there yet. Whether "alive and kicking," however, "ye local" does not venture to predict.

THE CROPS.—A walk into the country does one a power of good these pleasant days. The sight of the wheat and rye fields is enough to gladden the heart of the most morose—on every side, as far as the eye can reach, the fields of waving green stretch away until lost in the distance, rich with the promise of abundant yield. The wheat and rye never looked better than they do this season, and our farmer friends are no doubt jubilant over the prospect of once more harvesting a good old-fashioned crop.

HARVEST has commenced in Georgia, and the crop is good. It is stated that the weevil has made its appearance in Virginia, and is doing much damage. We have no reports of its appearance yet in this county—and anticipate little if any injury from it.

SUDDEN DEATH.—It is with more than ordinary feelings of sadness that we announce the sudden demise of Mrs. Julia Ann Smyser, near the Hanover Junction, in this county, on Monday of last week. Mrs S., while bringing in their cows, passed a neighbor's residence, Mr. Glatfelter's, and when a short distance off, Mrs. Glatfelter heard a loud shriek, as she thought from a woman, in the direction where Mrs. S. went. Going in pursuit, she soon came to where Mrs. S. was, leaning against the fence. She was taken to her home, and medical aid sent for, but she expired in a few minutes. The deceased was a daughter of Reuben Reilly, deceased, who resided near this place, and where she was raised. She was beloved by all who knew her, and her early and sudden death is much lamented by all. Her age was 32 years, 3 months and 3 days.—*Hanover Citizen.*

—Mrs. Smyser was a sister of Mr. Jacob Reilly, of this place.

IMPROVEMENTS IN NEW OXFORD.—Mr. John Barnitz has a new house under roof, and Mr. Zouck has a house ready for the roof. Mr. Stidler has a new house partly up, and several other houses are about being finished.

PIC-NIC.—The proposed Pic-Nic at Cashtown Springs, on Saturday next, June 22d, promises to be a pleasant and popular affair. It is in the hands of an active and efficient committee: S. P. Stover, H. Heiges, Wm. Biesecker, H. Brough, E. Sheely and S. A. Lauver. It

☞The Beater Press Hay Co. of this and York counties had 2,000 tons of hay burnt in the destruction of Charles W. Slagle & Co.'s Warehouse in Baltimore, one day last week. The hay was packed, most of it, by Mr. John Heagy, of New Oxford.

SHEAFFER'S NEW GALLERY AT HANOVER, is the place to have your Pictures taken. None better, none cheaper.—Money refunded if not satisfactory. *

TALL RYE.—Mr. E. M. Myers, of Germany township, sends us a stalk of rye measuring 8 feet. That's decidedly tall—and hard to beat.

☞A Building Association has been formed in Westminster, and a Gas Company is talked of. The introduction of Gas is also agitated at Hanover. "Put 'em through!" Such enterprises are good things, as Gettysburg has very satisfactorily learned. They cost considerably in the start, but pay in the end.

NOT TRUE.—An rumor was in circulation in this place during the past week, to the effect that Col. A. K. McClure, wife and son, had been murdered on the Plains by the Indians. The Colonel is still alive and hearty, and is not likely to give the red devils an opportunity to shorten the term of his natural life.—*Chambersburg Spirit.*

DROWNED.—Peter McGiffigan, an old resident of Chambersburg, was accidentally drowned in the Falling Spring, on Wednesday evening week.

☞E. M. Alsip, Esq., of Bedford, *bagged* 300 trout the other day. So says the *Inquirer*.

—We were out on a trout "bagging" expedition a few days ago, with a nearly similar result—the difference being *only* 350.

☞We learn that the Rev. H. W. McKnight, of the Gettysburg Theological Seminary, has accepted the call recently tendered him, to become the pastor of the Lutheran church in this place, and that, shortly after finishing his course and a few weeks' recreation, he will assume the duties of the pastorate.—*Newville Star.*

Shad Fishing.—Great success has attended the shad fisheries near Newport of late. During last week from three to five hundred were caught daily. At Mitchell's fishery, on Friday last, fifty-two were brought out at one haul.—*Patriot & Union.*

☞The *Erie Observer* comes to us in a very neat new dress. The *Observer* is one of the best Democratic papers in the State, and we are glad to witness this evidence of its prosperity.

☞The Boston *Post* facetiously remarks that the first line of the new Radical song begins thus: "We'll hang Horace Greeley on that sour apple tree, because he helped to set Jeff Davis free."

☞Satrap Sheridan has removed Gov. Wells, of Louisiana, and appointed one of his own favorites. It is said that the President and Gen. Grant will interfere. A check upon Sheridan's tyranny is certainly needed.

☞Mrs. Maulsby, wife of Hon. W. P. Maulsby, of Frederick, Md., died on the 4th inst. She was a highly cultivated lady, and her death is deeply regretted.

☞The trial of John H. Surratt is now in progress in the District Court at Washington.

☞The first dose convinces that Coe's Dyspepsia Cure is just the thing for any disorder of the Stomach. It is not necessary to try half a dozen bottles; the first dose will stop distress after eating in ten minutes.

☞Several communications received last week will receive attention as soon as space may permit.

☞Barnum may be a pious man, but he failed to make his "election sure."

A Wonderful Power.

These Pills vary from all others introduced. They differ from various cathartics in many points. In the first place, Ruddy's Regulating Pills are purely vegetable, free from all minerals, all poisonous ingredients. Secondly, they are so elegantly coated with gum as to become tasteless, and leave no smell. And the last never produces any of the disastrous ulterior consequences that too often follow the indiscreet use of those powerful mineral medicines. They are an excellent remedy for Dyspepsia, Asthma, Headache, Fevers in all forms, Pneumonia, in adjusting the Liver, Bowels, Kidneys, Bladder, and nothing so sure for Nervousness. They cure the Piles effectually, when taken according to directions. For all disorders of the Stomach, and the various glands of the system, there are no Pills so good. They have stood high in value in every climate; have been the means of saving tens on tens of thousands of lives during the past half century. They are always effectual and speedy. Never cramp nor purge heavily, but possess the wonderful power of curing Diseases.

To Consumptives.

The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection, and that dread disease Consumption—is anxious to make known to his fellow sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a sure cure for Consumption, Asthma, Bronchitis, Coughs, Colds, and all Throat and Lung Affections. The only object of the advertiser in sending the prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, free, by return mail, will please address

A Young Lady

returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in clearing the complexion, also beautifying, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. A Card to the Ladies.

DR. DUPONCO'S GOLDEN PERIODICAL PILLS FOR FEMALES. Infallible in correcting Irregularities, Removing Obstructions of the Monthly Terms, from whatever Cause, and always Successful as a Preventive.

It is now over thirty years since the above celebrated Pills were first discovered by Dr. DUPONCO, of Paris, during which time they have been extensively and successfully used in most of the public institutions, as well as in private practice, of both hemispheres, with unparalled success, in every case, and it is only at the "urgent request" of the thousands of ladies who have used them, that he is induced to make the Pills public for the alleviation of those suffering from any Irregularities whatever, as well as to prevent an increase of *family* where health will not permit it.

ONE PILL IS A DOSE.

Females peculiarly situated, or those supposing themselves so, are cautioned against using these Pills while in that condition lest they "invite miscarriage," after which admonition, the Proprietor assumes no responsibility, although their mildness will prevent any mischief to health, otherwise the Pills are recommended as a MOST INVALUABLE REMEDY for all those afflicting complaints so peculiar to the sex.

ONE BOX IS SUFFICIENT.

10,000 Boxes have been sold within Two Years. Ten Thousand Boxes sent by Mail, both by myself and Agents, to all parts of the world, to which answers have been returned, in which is less say, nothing like the above Pills have been known since the Science of Medicine dawned upon the world, in Removing Obstructions and Restoring *Nature to its Proper Channel, Quieting the Nerves* and bringing back the "Rosy color of Health" to the cheek of the most delicate.

Price $1 per Box. Six Boxes $5.

Sold by JOHN S. FORNEY, *Druggist*, Sole Agent for Gettysburg, Pa.

Ladies, by sending him $1 through the Post Office, can have the Pills sent, (confidentially,) by Mail, to any part of the country, "free of postage."

Sold also by J. Spangler, Chambersburg; G. W. Neff, York; Coleman & Rogers and Brown Brothers, Wholesale Agents, Baltimore, and S. D. Howe, Proprietor, New York.

Know Thy Destiny.

MADAME E. F. THORNTON, the great English Astrologist, Clairvoyant and Psychometrician, who has astonished the scientific classes of the Old World, has now located herself at Hudson, N. Y. Madame Thornton possesses such wonderful powers of second sight, as to enable her to impart knowledge of the greatest importance to the single or married of either sex. While in a trance, she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychomotrope, guarantees to produce a life-like picture of the future husband or wife, of the applicant, together with date of marriage, position in life, leading traits of character, &c. This is no humbug, as thousands of testimonials can assert. She will send, when desired a certificate, or written guarantee, that the picture is what it purports to be. By enclosing a small lock of hair, and stating place of birth, age, disposition and complexion, and enclosing fifty cents and stamped envelope addressed to yourself, you will receive the picture and desired information by return mail. All communications sacredly confidential. Address in confidence, MADAME E. F. THORNTON, P. O. 223, Hudson, N. Y.

Dr. SCHENCK'S PULMONIC SYRUP.

This great medicine cured Dr. J. H. SCHENCK, the Proprietor, of Pulmonary Consumption, when it had assumed the most formidable aspect, and when speedy death appeared to be inevitable. His physicians pronounced his case incurable, when he commenced the use of this simple but powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds.

Since his recovery, he has devoted his attention exclusively to the cure of Consumption, and the diseases which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. SCHENCK makes professional visits to several of the larger cities weekly, where he has a large concourse of patients, and it is truly astonishing to see poor consumptives that have to be lifted out of their carriages, and in a few months healthy, robust persons. Dr. SCHENCK'S PULMONIC SYRUP, SEAWEED TONIC, and MANDRAKE PILLS are generally all required in curing Consumption. Full directions accompany each, so that any one can take them without seeing Dr. SCHENCK, but when it is convenient it is best to see him. He gives advice free, but for a thorough examination with his Respiratometer his fee is three dollars.

Please observe, when purchasing, that the two likenesses of the Doctor—one when in the last stage of Consumptive, and the other as he now is, in perfect health—are on the Government stamp.

Sold by all Druggists and Dealers. Price $1.50 per bottle, or $7.50 the half dozen. Letters for advice should always be directed to Dr. Schenck's Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

The National

REAPERS AND MOWERS.

Hoffman's Patents.

The No. 1 Machine has two Driving Wheels, Hinge Joint and Folding Bar, making it very convenient to move from one place to another; is very simple in its construction, extremely light draft and durable, cuts 4 feet 10 inches in grass and 5 feet 2 inches in grain; is a Self-Raker and Side Delivery, and is capable of cutting a whole field without binding a sheaf, and does the most satisfactory work.

This Machine can also be used as a Hand Machine without injuring its qualities as a Reaper. The Machine is warranted to cut Grass as well as any Single Mower that cuts the same width. It is a strong two-horse Machine—three or four can be used, if required, in hilly ground.

GREAT IMPROVEMENTS have been made for the coming season.

The Machine is also perfectly balanced, no weight on the horses' necks in Mowing or Reaping.

Always remember that at the Mowing trial last summer in Gettysburg, in competition with 6 other leading Machines, the above named Machine was awarded the First Premium. *This way it you want the best Machine.*

No. 2 is a light two-horse Machine, and is differently constructed, cutting on the right-hand side; and in front of Driving Wheels is a Self-Raker and Side Delivery. The difference in the width of cut is 6 inches.

The shifting lever and the raising and lowering levers are both at the driver's right side, and with his right foot upon a pedal and his left upon a foot-step, he has the power and control of the whole machine, he can raise or lower the platform from three to fourteen inches, can throw the machine out of gear, and regulate the rake so as to make the sheaves large or small, and all this at the same time and without retarding the motion or speed of the machine.

Keep it before the people that at a fair mowing trial 7 different leading Machines were present at Dillsburg, York county, last Summer and the National Machine was awarded the first premium.

All Machines warranted to give satisfaction! For further information apply to

SHIREMAN'S

NATIONAL SELF-DISCHARGING STEEL SPRING TOOTH

Horse Rake!

Patented September 9th, 1862, and Re-issued December 6th, 1864.

This Rake is an Independent Steel Spring Tooth Rake, and has proven itself to be the most perfect HORSE RAKE now in use. With this Rake the Horse does all the work, both the Raking and Discharging, by the driver moving a lever a few inches, which throws it in gear, and as the horse moves forward it raises the teeth and discharges its load, and then shifts out of gear itself, the teeth dropping down ready to rake again. By this operation it is easily understood that the *Raker has hardly any work to do at all!*

Important improvements have been made of late, making it very simple and durable in its construction. Thousands of them have been sold in the few last years, and given the best kind of satisfaction.

SPRING CLOTHING just received at NORRIS'.

Hubbard's

SELF-RAKER.

THE undersigned are agents for this celebrated Combined Self-raking Reaper and Mower. This machine has two driving wheels, hinge-joint and folding-bar, is very simple in construction, and is considered by those who have used them to be equal in grass to any light machine made for mowing only. It cuts 4 feet 8 inches in grass, and 5 feet 6 inches in grain, is a rear-cut side-delivery, capable of cutting a whole field of grain without binding a sheaf, and does the most satisfactory work in lodged grain, to be worked with two horses. We claim this Self-raker to be the best in existence. Farmers reading over the different advertisements will come to the conclusion that all are best, but we will give them our reasons for calling ours the best:

1st. This Self-raker has four rakes (no blanks or fans). The driver, by means, of a small lever in front of him can make either rake sweep the platform at his will. You will see by this that it makes no difference how far you have to drive, you can always have a *full sheaf, thereby saving binding, gathering or dividing sheaves.*

2nd. If your grain is one thickness so that it will permit of making a sheaf each revolution of the Rake or *you* wish to put the driver on the horses, you can do so by simply drawing one bar, and still keep the rakes all on to drop into the lodged or tangled grain. Here is one point to which we wish to draw your attention. Take notice where all these rakes strike into the grain and then compare them with blanks or reels on other Self-rakers.

3d. If you wish your oats on a swath, the your lever fast, and it will do its work perfectly and you will be safe for wet weather.

4th. All men know that in a hand-raking Reaper that the reel must be changed for different kinds of grain to make it reel on platform, and so must a Self-raker to make perfect work in extreme tall or short grain. This Rake has this most desirable and indispensable improvement, which no other rake has. This is done by changing two set screws in rake head which works on a pivit. With a combination of these four desirable points, it has been unanimously acknowledged by all disinterested and practical machinists to be decidedly simple and durable in its construction.

At the great National Field Trial, held at Auburn, New York, last July, which is conceded to have been the largest and severest trial ever held in the United States, lasting several weeks, under the entire management of the New York State Agricultural Society, this machine was awarded the Gold Medal for the best Combined Self-raking Reaper and Mower. (Class No. 4). Since the great trial, different machines are claiming Medals, and most persons are in a fog about it. We will explain: There were about 50 different machines entered for the different Medals, and they were classed as follows: The best machine in each class was awarded a Medal, and the second best a prize of $25

Class No. 1, Light Mowers; No. 2, Reapers, Hand Rake, (for grain only); No. 2½, Reapers, Self-rake, (for grain only); No. 3, Combined Reaper and Mower, (Hand-rake); No. 4, Combined Reaper and Mower, (Self-rake) Hubbard's; No. 5, Combined Hand and Self-raking Reaper and Mower, (thrown out on account of inferior work.)

At the Field Trial held by the Center County Agricultural Society, on McAllister's farm, last July, Hubbard's Combined Self-raking Reaper and Mower was awarded the highest premium for the best work done. See Circulars for report. All we ask is farmers to come and see this machine for themselves. We warrant them to give entire satisfaction in all respects. Sample machines on hand. Extras always on hand. Branch Shop at York, Pa. Address Granite Hill Post-office, Adams county, Pa.

☞ Also Pratt & Smedley's Patent Horse Rakes on hand, built by Geo. W. Brant & Co., Columbia, Pa.

☞ Persons wishing to purchase Hand-rakers and afterwards have the rake attached, can be supplied by us; also Mowers to be had ready to attach to rake hereafter.

MOUNTJOY TOWNSHIP, April 24th, 1867.

MESSRS. WILLIAMS, WALLACE & CO.—Last harvest I purchased one of your Combined Self Rakers, and I pronounce it a first class Machine. Can cut any kind of Grass wet or dry, at a very slow walk, and never chokes. The Self Raker works very well. I believe that it can bring up lodged Grain that no other Machine can do with blanks, and can be changed for different kinds of Grain, which is a great advantage. Yours truly,

HENRY W. SWARTZ

CUMBERLAND TOWNSHIP, April 24th, 1867.

MESSRS. WILLIAMS, WALLACE & CO.—I bought one of your Combined Self Raking Reapers and Mowers, and can recommend it as a splendid Mower. Never chokes, and of light draught, and the Rake does all it is recommended to do. It is a great advantage to make the sheaves any size you wish.

Yours truly, JOHN SOCKS, Sr.

MESSRS. WILLIAMS, WALLACE & CO.—We, the undersigned, having used and fairly tested the Hubbard Combined Reaper and Mower, (Hand Rake,) can recommend it as of light draught, and free from side draught, and believe it to be the most durable Machine in our locality, and has given us general satisfaction.

Yours truly,
JOHN G. BRINKERHOFF,
JOHN STALEY,
ISAAC F. BRINKERHOFF.

GERMANY TOWNSHIP, April 24th, 1867.

MESSRS. WILLIAMS, WALLACE & CO.—I purchased one of your Combined Machines after going to see three different Self Rakers working. I immediately put it to the test in grain that leaned away from the Machine on two sides, and it gave entire satisfaction. I then cut my Oats crop, and cut a large quantity of Grass, and will say for the Hubbard that it will not choke in any kind of Grass, wet or dry, standing or lodged, at the slowest gait your horses will walk. Is free from side draught, no weight on horses' necks, and is light work for two horses. The Self Rake is without a doubt the best Self Raker out. It has four Rakes, (no blanks,) and can bring up lodged Grain that no Hand Raker can do, and can regulate the sheaves the size you wish—changing the Rake for any kind of Grain. That it will make nice work in the tallest Rye or the shortest Clover seed, and if the Grain is one thickness, can make a sheaf each revolution of the Raker without any aid from the driver; can also swath Oats, which is another great advantage no other Machine has. Yours truly,

SAMUEL WEANT.

GERMANY TOWNSHIP, April 24th, 1867.

MESSRS. WILLIAMS, WALLACE & CO.—I purchased one of your Combined Self Rakers *from your Agents, HENRY THOMAS & SON*, and can consistently recommend it as a very good Mower of light draught, and the Self Raker can bring up Grain that is down better than any Hand Raker can do. Yours truly,

JACOB KING.

OHIO AND BUCKEYE PATENTS.

At the great trial of Reapers and Mowers at Auburn, N. Y., in July last, by the New York State Agricultural Society, this Machine was awarded the preference over all others in Class No. 5. This class was the most important of any, as it embraced Mowing and Hand and Self-raking Reaper in the same Machine.

This Machine has been awarded Medals and first Premiums by the Pennsylvania and Iowa State Fairs, and by hundreds of County Fairs in all parts of the country. This Machine took the first Premium at the Adams County Agricultural Fair held at Bendersville, September, 1866. Also,

Brinkerhoff's

CORN SHELLER, SEPARATOR AND CLEANER.

The undersigned would inform the Agricultural public that he has purchased from the Patentee of this extraordinary machine, the Patent Right for the States of Pennsylvania and Maryland.

Brinkerhoff's Corn Sheller, Separator and Cleaner, is pronounced the *best machine of the kind in this country. And in proof, it* may be mentioned that the "Advisory Committee appointed to select Implements for exhibition at the Universal Exposition in Paris, in 1867, have selected this Sheller as the *best in America," and at the request of J. B. Derby, U. S. Agent*, a machine has been shipped to Paris for exhibition.

The fact may also be stated that *at the great trial of Agricultural Implements, at Auburn, N. Y., in July last, under the auspices of the New York State Agricultural Society, the Brinkerhoff Corn Sheller, Separator and Cleaner was reported by one of the most competent Committees as the best Corn Sheller out. They say, "We have carefully examined and thoroughly tested this machine, and have no hesitation in pronouncing it the best Corn Sheller we ever saw."* The report is signed by such men as John Stanton Gould, President N. Y. State Agricultural Society; S. P. Johnson, Secretary to same; Solon Robinson, Agricultural Editor N. Y. Tribune; N. Edwards Todd, Agricultural Editor N. Y. Times.

From among many complimentary newspaper notices, the following, from the *New York Observer*, is deemed sufficient:

"Among all the Hand Corn Shellers made in New York and Albany—and one single firm manufactures more than 10,000 annually—not one can enter the circle with the Sheller just invented by J. Brinkerhoff, Auburn, New York. It shells, separates and cleanses, rapidly and easily, at one operation, as fast as the ears can be put into the hopper."

The undersigned is now prepared to dispose of COUNTY RIGHTS. He will have SHELLERS ready for sale in the course of a month's time.

Sewing Machines,

THE GROVER & BAKER.—THE BEST IN USE. These Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine. They are the only machines that sew and embroider with perfection. These Machines are peculiarly adapted to Family use. They are almost noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money,* and do their work better than it can be done by hand.

The undersigned having been appointed Agent for the above Machines, has established an Agency in Fairfield, Adams county, where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves.

Removal!

THE GETTYSBURG SKYLIGHT GALLERY.

The undersigned takes pleasure in announcing to the citizens of Gettysburg and the public generally that he has removed from his old rooms on West Middle street, to Baltimore street, and nearly opposite the store of Fahnestock Brothers. The room he now occupies has been recently fitted up expressly for his business. The location is an admirable one, enabling him to take pictures in all shades of weather, and with a correctness unequalled any where else.

LIFE-LIKE PHOTOGRAPHS, of every size and description, executed in the finest style. Particular attention given to the CARTE DE VISITE, and to copying AMBROTYPES and DAGUERREOTYPES of deceased friends. Also—

THE GETTYSBURG GEM,

a new style of picture, which has become very popular with the public, not only for their beauty, but for cheapness and convenience.—SIXTEEN for ONE DOLLAR only. Also—THE PORCELAIN PICTURES, which for their beauty and durability are un-surpassed.

We are prepared to carry on the business in all its various branches, and having had considerable experience we run no risk in *GUARANTEEING PERFECT SATISFACTION.*

Our facilities for a full display of our skill are unequalled by any other Gallery in the County, and we would therefore invite every one to call at the

NEW FIRM,

AT THE OLD STAND.

[ESTABLISHED IN 1817.]

I have associated with me, in business, my son, John F. McCreary, under the firm and style of D. McCreary & Son, and I desire to say to my old friends and the public generally that since the war, the manufacture of Saddles, Harness, Collars, &c., has been revived at the old established and well known stand on Baltimore street, one square south of the Court House, Gettysburg, Pa.

Having had an experience of 40 years in this establishment, I feel assured, that, with renewed attention to business, we can still further merit and receive a full share of public patronage.

DAVID McCREARY.

With increased facilities for conducting our business, we are better prepared than ever to satisfy the wants of all those who may need anything in our line. We especially call the attention of Farmers and others to the superior quality of our

Plain or Quilted Seat Horn Saddles,	Side Leathers, Hames, all kinds, with or without fastenings

Peruvian Guano Substitute!

BAUGH'S
RAW BONE
SUPER-PHOSPHATE OF LIME.

BAUGH & SONS,
Sole Proprietors and Manufacturers,
Delaware River Chemical Works,
PHILADELPHIA, U. S. A.

For WHEAT, RYE, BARLEY, CORN, OATS, POTATOES, TOBACCO, BUCKWHEAT, SORGHUM, TURNIPS, HOPS, GARDEN VEGETABLES, and every Crop and Plant.

Especially recommended to growers of STRAWBERRIES, RASPBERRIES, BLACKBERRIES, and all SMALL FRUITS.

More than 13 years of regular use upon all descriptions of Crops grown in the Middle and Southern States, has given a high degree of popularity to this MANURE, which places its application now entirely beyond a mere experiment.

BAUGH'S RAW BONE SUPER-PHOSPHATE OF LIME is eminently a success as a Substitute for Peruvian Guano and Stable Manure—and is offered to the Agriculturists of the Northern and Eastern States as a fertilizer that will cheaply restore to the Soil, those essentials which have been drained from it by constant cropping and light manuring.

It is very prompt in its action—is lasting in effect to a degree unattained by any commercial manure in the market, and is afforded at a much less cost than *bought* Stable Manure, or Peruvian Guano. The Labor involved in its use is far less than that of applying stable manure, while there is no risk from the introduction of noxious weeds.

☞Farmers are recommended to purchase of the dealer located in their neighborhood. In sections where no dealer is yet established, the Phosphate may be procured directly from the undersigned. A Priced Circular will be sent to all who apply.

Our NEW PAMPHLET, "*How to Maintain the Fertility of American Farms,*"—90 pages, giving full information in regard to the use of manure, &c., will be furnished gratis on application.

THE

HOWE SEWING MACHINES.

FOR FAMILIES AND MANUFACTURERS.

THE HOWE LOCK STITCH

THESE WORLD-RENOWNED SEWING MACHINES

Are celebrated for doing the best work, using a much smaller needle for the same thread than any other machine, and by the introduction of the most approved machinery, we are now able to supply the very best machines in the world. These machines are made under the immediate supervision of the President of the Company, ELIAS HOWE, JR., the original inventor of the Sewing Machine. They are adapted to all kinds of Family Sewing, and to the use of Seamstresses, Dress-Makers, Tailors, Manufacturers of Shirts, Collars, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Boots, Shoes, Harness, Saddlery, Linen Goods, etc. They work equally well upon silk, linen, woollen and cotton goods, with silk, cotton or linen thread. They will seam, quilt, gather, hem, tell, cord, braid, bind, and perform every species of sewing, making a beautiful and perfect stitch, alike on both sides of the articles sewed. On Shoe and Leather work it is admitted to have no equal.

THE QUALITIES WHICH RECOMMEND THEM ARE:

1. Beauty and Excellence of Stitch, alike on both sides of the fabric sewed.
2. Strength, Firmness and Durability of Seam that will not Rip or Ravel
3. Economy of Thread.
4. Attachments and wide range of application to purposes and materials.

The stitch invented by Mr. HOWE, and made on this Machine, is the most popular and durable, *and all Sewing Machines are subject to the principle invented by him.*

☞Observe the Medallion Head of ELIAS HOWE, Jr. imbedded in each Machine, without which none are genuine.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY
FOR IRREGULARITIES!

I have tested these Drops in my own practice, over ten years, and do not hesitate to say, that nothing has yet been developed by medical research, that acts so powerfully, positively, and harmlessly, in cases of female irregularity, as does this medicine. In all recent cases it never fails, while thousands who have been long sufferers, are indebted to it for the boon of health to-day.

Although so powerful and positive, they are perfectly harmless, and may be used at all times, except when specially forbidden in the directions.

They have been extensively employed by eminent physicians in France and England, as well as in my own practice, over ten years, and I have yet to hear of the first instance of failure. I could give you testimonials of their efficacy from all over the northern and western States, were they not in their nature private. Over 100,000 bottles have been sold the past year, and I hope and trust as many sufferers have been benefitted. I am well aware that a remedy so potent to remove all obstructions, may be used for a bad purpose, but trust that where one bottle is thus used, ten may fall into the hands of really needy sufferers.

To all who suffer from any irregularity; painful, difficult, excessive, offensive or obstructed Menstruation, Lucorrhœa, or the train of diseases that follow, I would say, try a bottle of Dr. LYON'S FRENCH PERIODICAL DROPS. Being a fluid preparation, their action is more direct and positive than any pills or powders. Explicit directions, bearing my fac simile, accompany each bottle.

They may be obtained of nearly every druggist in the country, or by enclosing the price to C. G. CLARK & CO., New Haven, Conn., General Agents for the United States and Canada.

The World Astonished

AT the Wonderful Revelations made by the great Astrologist, MADAME H. A. PERRIGO. She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, catastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and character or sex of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the maleficent stars that overcome or predominate in the *configuration*—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. You will find the result the greatest Astrologist on earth. It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, $1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and likeness enclosed, sent by mail on receipt of the above mentioned. The strictest secrecy will be maintained, and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you were born, enclosing a small lock of hair.

Address, MADAME H. A. PERRIGO,

Reparator Capilli.

Throw away your false frizzles, your switches, your wig—
Destructive of comfort, and not worth a fig;
Come aged, come youthful, come ugly and fair,
And rejoice in your own luxuriant hair.

REPARATOR CAPILLI,

For restoring hair upon bald heads (from whatever cause it may have fallen out and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thousands of living witnesses (from their own experience) can bear witness. But many will say, how are we to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the different Preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it fully comes up to our representations. If your Druggist does not keep it, send us one dollar and we will forward it, post paid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given. Address,
